Bilimora

Web development

I Completed a comprehensive course on web development, focusing on front-end and back-end technologies. Acquired proficiency in HTML, CSS, JavaScript, and frameworks like React and Node.js (customize based on your course). Gained hands-on experience building responsive and dynamic websites, implementing best practices for performance, accessibility, and security. Proficient in version control (Git/GitHub) and familiar with database management.

Skills

- Web Application Development
- Javascript
- Version control
- MongoDB
- Github
- Git
- Vercel
- Cloud flare pages
- Tailwind
- Netlify
- PowerBI
